Dear Colleagues,

It is our great pleasure to invite you to attend the International **Acibadem Heart Days 2017** Symposium and Scientific workshop, on **Critical Congenital Heart Diseases in Neonates/ Multidisciplinary Approach** to be held at the Acibadem University and Acibadem Atakent University Hospital in Istanbul, Turkey.

We are delighted to be able to present you this two day event which will be comprised of compelling presentations from pediatric cardiologists & cardiac surgeons, interactive breakout sessions and panel discussions. The scientific agenda of Acibadem Heart Days 2017 will cover all the relevant aspects of critical neonatal congenital heart diseases from prenatal diagnosis to pre and postoperative neonatal intensive care, genetic disorders and interventional treatments.

There will also be special joint sessions to offer members and guests an extraordinary opportunity to share their ideas and visions in a friendly atmosphere and to build professional relationships of great value.

Finally, you will have the chance to visit the wonderful city of Istanbul, from ancient sites to modern-day architectural feats, one of the most visited cities in the world.

We look forward to welcoming you to Acibadem Heart Days 2017!
